#### The Pres Presents

**Janet Sayles**

Many thanks to Eric and the Sunnyvale Singles for the idea to do a Black Light Dance. We feel very honored to be the 2nd club in Northern California to hold this event. Many thanks too to all the Tam Twirlers who brought snacks.

We had 10 squares and appreciate all the clubs that attended, some driving long distances to be with us. Also Eric's beginner class attended and danced at the mainstream level, with plus dancing later in the evening. Dan and Allison livened things up by doing some phase 2 rounds under the black lights between tips.

Can you believe the entire room did the YMCA line dance with white gloves glowing! Also floating around in the dark were the applications to the Adobe Squares St. Patrick's Day Diner on Tuesday, March 8. You don't want to miss this event.

We wish to welcome our newest club member Molly Anderson. If you remember December's "Who's Your Corner?" write-up for Frank Aftowicz, Molly is his square dancing partner. Just be careful challenging them to a bridge game because they are tournament level players.

Board meeting Saturday, March 26, at the Kerby's home. Also coming up is Silver State and Golden State Chow for now.

Our current class is almost to Plus, and will have joined us for the black light dance last week. They are a fun group of dancers, so introduce yourself when you see them if you haven't already – you'll be glad you did.

#### Inaugural Sequoia Stampede

**Mary Carter**

The First Annual Sequoia Stampede that took place in Tulare over President's Day Week-end was a challenging experience for dancers trying to get there safely. Whatever your route, you had rain and gusty winds, and if you chose Pacheco Pass you might have had a rock slide which closed one lane each way. If you travelled early you were LUCKY! The weather, however, probably did keep a lot of dancers home, even with callers Tony Oxendine and Jet Roberts and their special guest caller from Sweden, Tomas Hedberg.

Those of us who did make the trek were happy we did. The calling and music were really good, workshops were plentiful (the "So you think you know Plus and Mainstream?" session was

definitely a highlight.) If only there were more opportunities to dance with Tony, who is truly masterful! We signed up for next year, despite the travel time. It's a most special festival.

**Other News**

**Learn to Square Dance in 15 Weeks**

The Martinez Swingers club has been experimenting with a weekend format designed to teach square dancing including Plus in three 5-week segments, a much shorter period of time than the year-long-one-night-a-week format we and other clubs use.

Classes are on Saturday mornings from 10:30 to 12:30 at the Adult Education Center in Martinez. According to class coordinators, Carole Wright and Dick Mazyrack, students complete Mainstream after the first two segments and then learn enough Plus calls in the last 5-week segment to dance with local Plus clubs. The instructor is Bert Swerer.

The last class had 23 students, including a square of teenagers from Clutch Busters. The series starts again on Saturday, March 5. Cost is \$45 per person for the first 5 weeks, reduced to \$40 for those who pre-register. Students from other clubs can come for extra floor time on individual Saturdays at \$10 each if they first check with Dick to make sure they know what calls have been taught.

John and Lucy Davis from our continuing class attended 5 sessions and said they definitely recommend it. They liked Bert and felt he did a

great job of teaching. They did feel it was a bit intense ("quite a handful" actually) because there was so much to cover. But balancing the intensity was how helpful and encouraging the people in the club were. All in all, they liked covering so many calls in such a short time and found it to be both interesting and challenging

Their experience shows how valuable and stimulating these more focused and fast classes are for those who really want to learn square dancing. Involving students from more than one club also seems a definite plus.

**Dance Tip**

**Ups and Downs of Hands**

(Adapted from Bill van Melle, Stanford Quads)

You may never have thought about hand positioning when dancing; you just grab the other person's hand. However, for smooth dancing you really need to have some agreement about whether you should hold your palm up or down when you take that other hand. Many of us were originally taught that men put their palms up and women put theirs down, although this generalization breaks down when you have two women or two men together in a couple.

So what happens is that men put palms up, women put palms down, and same-sex couples fight about it. In contrast, Advanced and Challenge dancers have adopted a simple convention that both works and prevents any uncertainty: always put your right palm up and your left palm down. While this handhold may seem awkward at first, shortly it will become second nature, and it never fails: your palm-up right hand will match perfectly with the next dancer's palm-down left hand. The major exception seems to be **Circle to the Right/Left**, where people generally prefer to hold both hands in the same direction. There is also some dispute over **Single Circle to a Wave**, which is best done beau palms up, belle palms down.

The temporary hand hold in the middle of **Courtesy Turn** (the last part of **Ladies Chain**) also follows the traditional rule: man's left hand palm up, woman's left hand palm down.

Please check the monthly newsletter for your times. The calendar is also posted at Rod and Gun on the sign-in table. Please remember that it is your responsibility to switch with someone if you are unable to make your assigned date. When you do switch, be sure to let Vita Drucker know so she can revise the calendar and remind the appropriate people the day before. If you go on leave or on a long vacation, let her know in advance so she can schedule accordingly.

**Set-up:** Arrive by 7:00 – tables should already be set up along with the ice water. Put out the hand sanitizer, cups and snack mix. Arrange dance flyers on the long table where Brad sets up his computer. When it is party night (the last Wednesday of each month), set up an extra table for the food and set out napkins. In the colder months, fill the coffee pot with water and put out the tea bags, hot chocolate mix, etc. When you notice that supplies are running low, let Jeanice know so she can pick up more. Arrange chairs around the perimeter of the dance floor far enough back for two rows of squares. Put sign-in sheets on the table by the door. When it gets dark turn on the outside lights.

**Clean-up:** Help cuers and callers load their equipment. Police the hall for empty cups and other trash. Empty the water cooler. Place the cooler, supplies, and table items back in their respective bins in our cupboard. Chairs and tables remain in place. The janitor will take care of the garbage, lights, and locking up. But be sure to close ALL doors when you leave. Lift up on side door to close it if it sticks.
